The crisis caused due to the pandemic, and the swings that it caused in the market, was an opportunity for the volatility coaches. Equity markets were tightly coupled with the cues with the global cues and its institutions. As the country is changing, India's wealth creation story is unfolding.

The markets and market makers have sensed the opportunity for change in the last two years. While the larger change is happening for a country, there are several pillars on which the rests the belief of the change. Some of these are structural changes which are changing the way people perceive the country.

"Entrepreneurs with a skin in the game and fire in their bellies are now the bedrock of the change that could be sweeping India," Bharat Shah, Executive Director, Ask Group, said.

With the changes happening in the world of payments in India, it is working as the oxygen for businesses, as UPI takes centre stage. "Don't fight against the might of a billion people," Navneet Munot, MD & CEO, HDFC AMC added.

For the mutual fund distributor who help take the message of the investing opportunities to the people, a slew of fundamental changes is creating the opportunity for

investors. "Look at the debt markets very closely. Over the next decade, it will be a very important asset class," S Naren, CIO, ICICI Prudential AMC said.

"India is also unleashing the power of the rural economy and greater potential of the rural economy could be unlocked," A Balasubramanian, Chairman Association of Mutual Funds in India said. For the average investor, that means being convinced about the long-term potential of the Indian market and not taking a typical recent two-year view – the period where the returns have been impressive.

At the 3rd FFF Conference 2022 in Mumbai, Kanak Kr Jain, founder, SSL Academy stated that such interactions help mutual fund distributors and volatility coaches to bond with one another. "The experience of interacting with fellow members and these participants will last for years," he said.

Noted Branding coach, Himadri Sinha on the occasion stated that manifestation is a result of one's pointedness and proper branding. Navin Agarwal, MD & CEO Motilal Oswal AMC spoke on the QGLP Investment Framework.

Ramesh Mantri, CIO WhiteOak Capital AMC explained that India has today become one of the best places to invest and this is just the beginning of the things that are to come.
